

Kalrskrona, February 25<sup>th</sup>, 2014

Amazing MSLSers,

We are getting closer to the 10<sup>th</sup> Anniversary Celebration of MSLS Program ...

It's time to turn intentions into plans .... and plans into reality! Yes, we are waiting for you here!

Enclosed you will find a complete package of information for you to work on your plan to be part of this amazing week! Based on the survey, we estimate to have around 120-150 MSLSers and another 30-50 friends of MSLS joining us. Isn't it amazing? Imagine almost 200 amazing people gathering for a week in Karlskrona ... We are sure that you will not want to miss it, will you?

Here are some thoughts from alumni on what is expected for this Reunion:

A warm heart, a shared sense of purpose and a better understanding of:  
What are alumni doing?  
What are the new opportunities for educational programs like MSLS?

How has the context changed in 10 years?  
Where is MSLS heading in the future? How can the program be even more effective at supporting positive change?

Hugging friends, sharing experiences and co-creating shared value :)

Reconnecting with classmates and refreshing our knowledge of international sustainability perspectives and activities.

Meeting old friends, making new... Updated on where we stand with research, alliance, TNS, organizations where FSSD is being applied, success stories, lessons learned. Having a clearer idea on whether there is an interest to collaborate more effectively towards our shared vision and if so who, what, how. A reconnection to the alumni and the base learning, connections, shared knowledge and collaborations for people to build upon.

The Organization Team is preparing everything with much love and care to make this experience unforgettable for all of us and more than that, we are envisioning that MSLN Network will make a quantum jump in terms of making plans and structuring ourselves in a way that we can create impact in the world TOGETHER!

The vision we co-created for this event based on all the input from the survey is:

**Vision:**

*The vision is to reconnect the whole family so we can cross-pollinate and strengthen our network. The dream is that the alumni is inspired, energized and connected.*  
*This celebration helps spread the MSLN mission & purpose across Sweden and the world.*

***So... how are we going to do that???***

*By co-creating a structure to work and flourish together as an awesome network of change makers united in a shared vision of a healthy happy and sustainable planet and society.*

So, there is no time to lose! Go through all the enclosed information and see what you need to do to be in Karlskrona on the week of June 16-20, 2014.
